**E** All the years **Emaj7** combine  
**Asus4** They melt into a **A** dream  
**Em** A broken angel **C7** sings **B7** From a guitar  
**E** In the end there's just **Emaj7** a song  
**Asus4** Comes crying like the **A** night  
**Em** Through all the broken **C7** dreams **B7** And vanished years

**E** Stella Blue **A** , **E** Stella Blue

**E** When all the cards are **Emaj7** down  
**Asus4** There's nothing left to **A** see  
**Em** There's just the pavement **C7** left **B7** And broken dreams  
**E** In the end there's still that **Emaj7** song  
**Asus4** Comes crying like the **A** wind  
**Em** Down every lonely **C7** street **B7** That's ever been

**E** Stella Blue **A** , **E** Stella Blue

**B** I've stayed in every blue-light **E** cheap hotel  
**A** Can't win **E** for **B** trying  
**B** Dust off those rusty strings just  
**E** One more time  
**A E** Gonna make em **B7** shine

**E Emaj7 Asus4 A Em C7 B7** (X2)

**E** It all rolls into **Emaj7** one  
**Asus4** And nothing comes for **A** free  
**Em** There's nothing you can **C7** hold **B7** For very long  
**E** And when you hear that **Emaj7** song  
**Asus4** Come crying like the **A** wind  
**Em** It seems like all **C7** this life **B7** Was just a dream

**E** Stella Blue **A** , **E** Stella Blue **A** , **E** Stella Blue **A** , **E** Stella Blue
