## Blues

Intro E /// E /// A /// E /// B7 /// E ///

E Well I'm headed down the line and I don't know where  
I'll be happy long as I get there

A I got that sweet sweet man, always on my E mind  
Well he's as B7 sweet as a peach and I think its peach pickin' E time

E He's got a smile from here to over yon  
Pretty little toes he got from his mom

A He's my sweet sweet man, always on my E mind  
Well he's as B7 sweet as a peach and I think its peach pickin' E time

## Lead

E He's got a wiggle in his walk and a giggle in his talk  
Last time I saw him, my heart bout stopped

A He's my sweet sweet man, always on my E mind  
Well he's as B7 sweet as a peach and I think its peach pickin' E time

## Lead

E Well an apple a day keeps the doctor away  
I don't care about what they say

A I got that sweet sweet man, always on my E mind  
Well he's as B7 sweet as a peach and I think its peach pickin' E time

E Some sweet day when I return  
He'll say hey and I'll marry him

A he's my sweet sweet man, always on my E mind  
Well he's as B7 sweet as a peach and I think its peach pickin' E time
