E I left Oklahoma, drivin' in a Pontiac, Just about to lose my **B** mind
B I was goin' to Arizona, Maybe on to California
B Where the people all live so **E** fine

E My baby said, I'z crazy, My mama called me lazy
E I was gonna show 'em all this **B** time
B 'Cause you know I ain't no foolin' And I don't need no more schoolin'
B I was born to just walk the **E** line

E Livin' on Tulsa time, Livin' on Tulsa **B** time
B Well, you know I've been through it
B When I set my watch back to it
B Livin' on Tulsa **E** Time

[Instrumental Verse]

E Well, there I was in Hollywood, Wishin' I was doin' good
E Talkin' on the telephone **B** line
B But they don't need me in the movies And nobody sings my songs
B Guess, I'm just a wastin' **E** time

E Well, then I got to thinkin', Man I'm really sinkin'
E And I really had a flash this **B** time
B I had no business leavin', And nobody would be grievin'
B If I went on back to Tulsa **E** time

E Livin' on Tulsa time, Livin' on Tulsa **B** time
B Gonna set my watch back to it
B 'Cause you know I been through it
B Livin' on Tulsa **E** time

E Livin' on Tulsa time, Livin' on Tulsa **B** time
B Gonna set my watch back to it
B 'Cause you know I been through it
B Livin' on Tulsa **E** time

[Instrumental Verse outro]
